HR

March 24, 1968

Dear Sir,

Would you please be so kind
as to tell me who was in charge
of the technical, electronic Research
group that wanted to use the method
of "brain-washing" on Ruby, to prove
his innocence, prior to his death?

A doctor in Annapolis, Md.
was "paid off" to permit psychology,
electronic-reactor studies on me,
and he won't tell.

If I get the address & name
of the doctor, my doctor can
contact them & better know what was
done to me that is causing the
"undue influence", & use counteractive
treatment.
